

# Health & Safety Policy Statement

Occupational Health & Safety Management System ISO 45001:2018

Graham Hart (Process Technology) Limited are a global supplier in the design and manufacture of high integrity heat transfer and specialist pressure equipment, with a vision of operating at the very the top of our field, in all aspects of our activities. Our values of Safe, Professional & Innovative reflect the culture we wish to embed and the image we wish to portray.

We use our Management Systems to asses the relevant requirements of both the Company and of Interested Parties to determine the risks and opportunities, regulatory or otherwise, that we must address. We use this policy as a framework for our Management Systems, setting out the objectives below, required to attain the basis of our mission, vision and values.

Through these objectives, we are committed to a process of continual improvement and enhancement through the removal or reduction of risk and the realisation of opportunities.

We are committed to ensuring the communication and understanding of our policy and objectives to our employees through training, consultation and participation. This policy is available to all interested parties on our Company website, or on request.

Objectives:

- Zero Accidents or related ill health
- Operation of our activities within legal compliance.

A handwritten signature in blue ink that reads "Chris Hart".
